

## Litigation Support – Marital Dissolution

**We help attorneys and their clients with complex matters associated with divorce.**

Shepard Schwartz & Harris realizes that a marital dissolution will probably be the largest financial event of most people's lives. We work closely with attorneys and their clients to transition through such an event by providing specialized services tailored specifically for divorce proceedings. We have professionals with years of experience in dealing with the complex matters that clients often face before, during and after a marital dissolution.

### **Forensic Accounting Services:**

- Forensic analysis and investigation to uncover hidden or undisclosed assets and income
- Uncover intentional dissipation of assets, including transfers of properties occurring after the onset of marital discord
- Uncover personal or unusual expenses paid by closely held businesses
- Tracing of transactions through the entire accounting cycle
- Identifying property acquired by gift or inheritance
- Lifestyle and cash flow analysis, reconciliations and reports
- Analysis to support or refute non-marital asset claims
- E- discovery services

### **Other Services:**

- Business valuations - we provide or work with valuation experts to get to the real numbers
- Assist clients with interrogatories, statutory disclosure statements and discovery
- Prepare spendable income reports for temporary and permanent spousal support agreements
- Determine the income tax ramifications from separation to post-dissolution
- Adversarial and neutral party representation
- Post-dissolution dispute resolution
- Expert testimony – we articulate our findings to a trier of fact in a clear, concise manner with compelling written and visual presentations.

### **About our litigation support professionals:**

Most of our consultants, and all of our firms leaders, have earned professional certifications and designations, including –

- Certified Public Accountant (CPA)
- Juris Doctor (J.D.)
- Certified Fraud Examiner (CFE)
- Certified Information Technology Professional (CITP)

Our professionals possess years of experience specializing in variety of industries, allowing us to match your case with the best possible expert.
